Seen, Heard and Told

By The Editor

America had better keep calm, keep its head and keep out of this European war, in which it is not concerned.

Nobody killed on 51 South, but two fellows were mighty badly bunged up on 51 North Tuesday night.

Dear Squire Pickle: you can bring in some of those eggs Saturday.

Congratulations to fellow editor, Stokes Sanders upon his reelection as mayor of Kosciusko, and condolence to another good friend, Clarence Morgan upon his defeat by a close vote.

Wonder who is Mayor of Graysport since Roger Parker has left there and gone into the oil business?

It looks like the members of the House have put the Johnson give-away train on the side track.

dere mr top. i seen thet feller lam sumpkin fridy. it looks like thim fellers had ole lam on the spot erbout this tacks cummishun bizness.

The old aldermen will draw twenty dollars more. We Square Dealers will have four years of it, if we live.

Don't know much about H. D. Bowers, a new subscriber of Hattiesburg, but we took him anyway as he paid in advance.

Dear Brother Haxby: appreciate your nice note, telling us that, in your opinion, we were largely responsible for your splendid seed business. Will come over to Main Street Saturday night for a visit.

Please do not ask us for any copies of last week's paper. We sold out. We should have printed several hundred extra copies.

Sister and Cousin Blanche Clark is in good standing on the books for another year.

Hint to our saloonkeeper subscribers: a man, well able to pay for it, was overeeling about there not being any Watson's Rye in Grenada for sale.

dere peat. i gess yu will have 2 cum over hear an c theze fellers fer they dont pay no tenshun 2 me an be an kepe on sinding us lite bills.

Mrs. Zac Taylor, our good friend and subscriber from South of Holcomb, came in spry as a cricket this week and paid up for another year.

Paul's Pesky Payrollers.

Jack Hancock has been writing some good editorials for the Jackson Daily News since Fred is fooling around in Washington.

Bilbo is in Jackson, they say. Maybe he is fixing to dynamite Roll-em Wall from the Tower Building.

Let those who are howling for war, do the fighting.

We welcome to our advertising columns another new advertiser, G. C. "Peck" Harris, but how they get Peck from G. C. we know not.

You fellows who are bothering Mike about running for the Senate, let him alone. Let him look after his increasing law business. If you just must have some fresh meat for Bilbo to chew on, let Hugh be the goat.

There has been no change, apparent to the outsider, in the postoffice situation. Mr. Ford still has three exsoldiers to pick a postmaster from: Donald Sharp, first; W. W. Whitaker, ex-first, now second; Frank York, exsecond, now third. Ford has an awful baby to nurse. Whatever he does will be wrong. The "wrongest" thing he can do would be to delay.

Our good friend, W. M. Brunson, of Cascilla, free state, honored us with a short call last week.

Sam Mitchell has been demoted from the spoonbill to the top minnow class.

This acknowledges receipt of 5 ten cent stamps from one who does not want to get into the paper, but to the paper.

James Russell Lockett is still alive.

Daylight has broke for us at last, as H. M. Day cast his lot with us.

Aint they sweet.

A group of W. M. S. Methodist Church members will attend a district meeting at Coldwater today (Thursday).

Commencement Will Be Held At Holcomb School Next Week

The Holcomb Consolidated School will close a successful season Monday evening April 22. Twelve young ladies and young men will receive diplomas.

The commencement season will begin Sunday night, April 21 at 8 o'clock when Rev. T. B. Thrower, of the Methodist Church of Grenada will deliver the commencement sermon in the high school auditorium.

The baccalaureate address will be delivered in the high school auditorium Monday evening at 8 o'clock by Rev. James W. Gibson, pastor of Louisville, Miss., and former pastor at Holcomb. Following this address, diplomas will be delivered to the following: Marjorie Organ, Florence Ward, Betty Bell Taylor, Frances Carver, Ermazeen McCalop, Effie Ruth Hammonds, Mary Agnes Ray, Kathleen Singleton, Robert Lee Harris, Clanton Allen, Buford Taylor and J. K.K Ward.

The valedictorian of this class is Miss Marjorie Organ; the salutatorian is Miss Effie Ruth Hammonds.

Of this school, Mr. A. Y. McBride is superintendent. The board of trustees is composed of Mr. W. E. Cresswell, president; Mrs. E. D. Holcomb, secretary and A. W. Hammonds, member.

Gore Springs School Announces Plans

"The Path Across the Hill" will be given by the senior class of Gore Springs High School, Friday, April 19 at Gore Springs High School. The public is cordially invited to attend. Admission will be 10c and 25c.

Sunday afternoon, April 21, the commencement sermon will be delivered by Bro. Tinsley B. Thrower, of the First Methodist Church, Grenada, Mississippi.

Thursday night, April 25, the commencement address will be delivered by Mr. Grady Guyton from the University of Mississippi.

We cordially invite you to be present each time.

City's General Election First Monday In May

General Election, to elect city officers, will be held on the first Monday, that is the 6th, of May.

Nominees are: Mayor, R. W. Sharp; Marshal, Willard Odom; City Recorder, Mrs. W. Y. West; Aldermen, West Ward, J. D. Moss and Harry Burkley; Aldermen, East Ward, Jim Horn and Clarence Burt; Aldermen, City at Large, Claud Perry and Whyte Whitaker.

CUB RALLY

At the annual Cub Rally to be held in Grenada on the 27th of this month, a personal message from Dr. James E. West, Chief Scout Executive, will be read to the Cubs and their leaders.

This message was received by Mrs. L. D. Boone commending her for her excellent leadership in Cub activities. It will be on display in the booth of the Grenada Cubs at the rally. In addition to the Cubbing interest of the letter, it is more interesting because of the fact that Dr. West is a personal friend of the Boone family.

A copy of the letter is printed elsewhere in this issue.

MRS. BOONE COMMENDED

The following letter from James E. West, Chief Scout Executive, was received by Mrs. L. D. Boone of Grenada.

It affords me great pleasure to address this message to you and your Cubs on the occasion of your Hobby Show. I wish I could be with you. This isn't possible because of so many other committments. To you, personally, I extend our appreciation for your devoted efforts as well as the effortts of your associates, in behalf of Cubbing in your territory.

I am sure your Hobby Show will be a splendid demonstration of the way in which Cubbing combines fun and learning.

I'd appreciate it also if you would extend my personal regards to all present on this occasion. I shall be glad to receive a report after the affair is over.

Mr. and Mrs. Edwin Neelly and baby son, were guests of their parents, Mayor and Mrs. E. C. Neelly, on Sunday last.

New Home of Grenada Coca-Cola Bottling Co.

The above is a picture of one of Grenada's newest improvements, the Grenada Coca-Cola Bottling Company's new quarters on North Main Street.

The ultra-modern equipment which was installed in this building permits the company to double its old capacity Absolutely hygienic and practically automatic, the combined washing, filling and capping machine is a marvel of speed and efficiency. At normal speed, 140 cases of 24 bottles each are cleaned, filled and capped. This is just about one bottle per second.

The public is always welcome to come in to see the operation of this modern plant.

Thus Grenada Grows.

Lloyd Donley Harrison, 31, Died Tuesday Morning

Lloyd Donley Harrison, aged 31, passed away at his home near Senna Valley, Tuesday morning, April 16, 1940, following a few hours suffering with an accute heart attack. He was stricken just a short while after going to sleep and lived only about an hour.

The unexpected sudden death of this fine young man was a great shock to his relatives and numerous admiring friends.

Lloyd had spent Monday afternoon in town and going home about nine o'clock, he insisted that his wife, the former Miss Frances Boushe, of Grenada, to go with him to the Stewart Oil Well, a few miles from their home. They spent a few hours at the oil well and returned home, and had gone to sleep when Lloyd became ill, complaining of a hurting in his chest. Dr. Ralph Criss was summoned and arrived just a few minutes before he passed away. Dr. Criss diagnosed his trouble as an accute heart attack.

A graduate of Mississippi A. & M. (now Miss. State) in the class of 1930, where he was very prominent in the athletic endeavors, Lloyd has been in business in and around Coffeeville since. He ran a drug store here several years.

Being of a very friendly disposition, always ready to lend a helping hand to those less fortunate than himself, Lloyd has made many friends who are heartbroken over his seemingly untimely death.

Funeral services were held at the Baptist Church Thursday by Rev. N. B. Saucier. Interment followed in the Pine Grove Cemetery.

Surviving are his wife and the following sisters and brothers: Misses Audie and Bertie, and Mrs. Gertha Harbour, of Senna Valley; Mrs. J. F. Jackson, Rosedale; Mrs. Walter Mayfield, of Pontotoc; Mrs. Wilton Weaver, Greenwood; Mrs. Ervin Ward, Flint Mich.; James V. Harrison, of Magnolia; and Garland Harrison, Liberty.

A number of nieces and nephews also survive.

"COURT" CONTINUED AT MIMS' HOME

After the formal close of the day's business at Chancery Court Monday, six of the participants in that session were entertained at supper in the Mims' home on Snider Street.

Attending this informal affair were Judge L. A. Smith and Messrs. Rice Pressgrove, Dave Doagn, W. B. Nicols, J. M. Dean and Sam Mims.

NO-GOOD HIRED MAN

Fire says to the farmer: "Let me help you. I will save you trouble. You will not have to cut the weeds. You will not have to turn the grass under."

So the farmer employs him.

But Fire is the most expensive hired man he could employ. Fire burns the weeds and grass, all right. But he exacts a terrible price. He burns humus also - the rich earth that has been made by stalks and leaves.

Fire won't stay on the job. He runs off into the woods, and does mischief. He burns the trees. A tree once burned is never healthy again. He destroys the "brush" which is the home of game.

Don't employ Fire. He is a no-good hired man.

Oil Rig Being Erected Near Haserway

Work has just started on the erection of a derrick near Haserway on the land of the Connecticut General Life Insurance Company by the Schuba Valley Production Company. The well is to be located in the NW 1-4 of SE 1-4 of 28-23-5, just west of Finley Horton's garden.

Lumber for the erection of the derrick is on the ground, and work is progressing in the matter of getting the water storage necessary in drilling.

GORE SPRINGS HOME DEMONSTRATION CLUB MET

On April the 11th the Woman's H. D. Club held its monthly meeting in the club room with 11 members present. President called meeting to order by having roll call and each one answer with their age. Mesdames G. E. Chamberlain and S. E. Gillon then read two very interesting poems. Prof. Eugene McGahey was then called to the room and asked to read a poem written by Mrs. Guy Sulton, titled when Annie is sick. Then he gave a most interesting sketch of "Gone With The Wind" which was enjoyed by all. A bountiful picnic lunch was then spread.

On account of the weather many were disappointed for each one looked forward to having the Chapel Hill girls present but we hope to have this fine bunch of girls with us later on.

Meeting adjourned.

WOULD YOU BURN OFF YOUR WHISKERS?

We suppose a man could get rid of the grass and weeds by setting fire to them. But at the same time he destroys the protective "skin" of the land—the rich and precious humus made by rotted leaves, stalks and roots.

Fortnighters Lay Plans for Another Cotton Week Show Here

Fashion enthusiasts will recall the wonderful success of the cotton style show held last year, following a week of cotton showings by the Grenada merchants.

The Fortnightly Club is making plans for a second sensational show. Cotton Week is to be held during the first week of May. The style show will be given at the Barwin Hotel on May 3rd, at 8 o'clock.

Cotton dresses, play suits, house coats and the like will be modeled by members of the Fortnightly Club and by small children not over seven years of age. Bathing suits will be worn by a number of Grenada's subdebs.

Cotton week is made possible by the cooperation of these merchants: O. L. Kimbrough, Isenbergs, Herrings, Keeton's, Heath Bros., The Quality Shop, The Novelty Shop, Trusty's, Marascalco's, Friedman's and Yolles'. Watch the windows of each of these merchant's for the attractive advanced cotton styles.

The proceeds of cotton week will go toward the beginning and maintenance of a playground for the children of Grenada.

Fred Eugene Austin Died After Long Illness

Mr. Fred Eugene Austin who for thirty years has been a resident of this community, died in his home on Adams Street in Grenada Sunday, April 14, 1940 after a long period of ill health.

He was born in Dixon, Tennessee on May 29, 1882. His widow is the former Miss Ruby Mae Gray. He was a consistent member of the Methodist Church. For many years he was connected with the timber business of this section. He was known to be a quiet unostentatious man, always willing to do more than his part.

Funeral services were held in the Methodist Church at 2:30 p. m. Monday afternoon and were conducted by Rev. T. B. Thrower. After which, he was buried in Grenada Cemetery. Oliver Funeral Home of Winona was in charge. Messrs. J. M. Talbert, J. D. Crenshaw, W. B. McDaniel, Robert Murphey, Cliff Hamby and W. P. Bell served as pallbearers.

He is survived by his widow, Mrs. Ruby Gray Austin and eight children, Jack, Dwight, James Clifton, Fred, Jr., Ruth, Doris Mae, Thelma Jane and Bonnie Jean; and four brothers, Leonard, of Dixon, Tenn., Helen, of Dixon, Jess, of New Mexico, and Rob, of Tchula, Miss. To the bereaved ones, this newspaper extends its symypathy.

Chancery Court Held Here This Week

Hon. L. A. Smith, Chancellor of this district, held a three day's session of Chancery Court in Grenada this week.

A number of divorces were granted to dissatisfied spouses. Routine estate and administrative matters were attended to. Several cases were tried.

Among the lawyers from out of town who attended were: Ike Stone, of Coffeeville, Dick Denman, of Greenwood, J. W. Conger, Vernon Rowe, of Winona, and John Horan, of Water Valley.

LOOKOUTS APPOINTED

Commander John L. Odom of the Grenada Post, American Legion, has completed arrangements for the appointment of volunteer watchers throughout this county, which watchers will observe and report upon aircraft seen or heard during the gigantic maneuvers of the 7th Corps Area, U. S. Army, which will begin May 11th. The Red Army will be stationed in Texas, the Blue Army in Georgia. All middle ground will be the arena for this gigantic test.

BISHOP WM. M. GREEN TO BE IN GRENADA FRIDAY

Rev. C. S. Liles announces that a call meeting at which all Episcopalians in the Grenada district will take part, will be held at All Saints Church, Grenada at 4 p. m. Friday, April 19. Bishop Wm. Mercer Green, of Jackson, and Mr. George Ward Stone, Director of Campaign will speak.

All communicants of the church are urged to be present.

Boy Scout Budget of $600.00 Raised Here This Week

Through donations from 50c to $25, the allotment for Grenada was raised here Monday, Tuesday and Wednesday of this week. The assessment for Grenada was $600.00, the same as last year.

On Monday night a meeting was called for the purpose of mapping plans of the drive. 25 business and professional men were asked to meet at the Chicken Inn for supper and there discussed the drive.

Those attending were: Peyton Irby, John Rundle, Bob Sharp, L. C. Proby, Clarence Burt, Rogers, Burt, W. E. Jackson, W. E. Moss, C. V. McKell, George Criss, Rev. Thrower, Walter V. Davis, Knox Peres, Harry Burkley and Whyte Whitaker, Jr.

Mr. Carlton Shelby, of Clarksdale, attended the meeting and discussed some of the problems of scouting, and the progress the organization was making.

Tuesday and Wednesday these men gave a considerable part of their time soliciting funds, and happily their work wasn't in vain; they raised over the $600.00 allotment with a margin of about $25.00 and some money is still expected to come in.

W. E. Jackson and Bob Sharp working together took in about $190.00, and to them goes the distinction of being the fast money getters in the entire bunch.

The merchants and business houses gave generously to the Scouts, and in fact of America than any other organization that has done more good for the boys of America than any other organization. The donations, large or small were deeply appreciated.

TWENTIETH CENTURY CLUB

The Twentieth Century Club held its closing meeting of the year in the Community House Tuesday afternoon, April 16th. Floral decorations carrying out the club colors, green and yellow, added beauty and charm to the occasion. For the past few years it has become the custom of this club to close its year's work with a program of out-of-town talent. On the occasion of this closing meeting, the guest artist was none other than Grenada's own Anne Elise Roane, now Mrs. Dawson Winter of Jackson, Miss. As a girl in Grenada, Mrs. Winter's artistic talents were recognized by her friends here and it is not a surprise to the people of her native city to learn of the national and state recognition that has been accorded her along these lines. In her program for this club meeting she gave to her audience varied groupings of her poems, all of which have at some time or other appeared in leading magazines and newspapers. To add interest to these poems Mrs. Winter paused here and there to give the story or origin of many of them, bearing out the truth that poetry is inspired and originates with the common place and every-day experience rather than drops from some far away plane of thinking altogether out of reach of the average individual. Her collection includes deep verse where deep feeling and thought is felt and runs along through beautiful nature poems and on into light verse with keen wit and humor. An added and most enjoyable feature of her program were two of her poems which were set to music. These, sung by Mrs. Walter Garner were "Beethoven's Minuet" and "Mammy's Red Bird Song". During the singing of "Beethoven's Minuet" four little girls in colonial costume danced the minuet. These were Joyce and Mary Gunter, Ann Horton and Olive Semmes.

Those who were privileged to enjoy this very delightful program included the regular club members with their invited guests. The guest list numbered forty-five. These were received at the door and presented to Mrs. Winter by Mrs. J. L. Cooley, club president, and the program committee for the year consisting of Mrs. Cowles Horton, Mrs. W. H. Kirk and Mrs. John T. Keeton.

At the conclusion of the program, refreshments in which the club colors were again carried out, were served by Mesdames F. R. Lickfold, Jr., R. M. Smith, Spivey Kent and Sam Stanley, Jr.

Mr. and Mrs. Tom Salmon and children, of Walnut, arrived Sunday at the home of their parents, Mr. and Mrs. W. D. Salmon. Mr. Salmon returned to Walnut that afternoon, leaving his family here for the week. The young daughter of the family being ill, it was their plan to have her near her physician, Dr. Sam Caruthers.

Mrs. Jesse Ware, who makes her home with her sister, Mrs. R. W. Sharp, went to Memphis last week to consult a specialist. She returned to Grenada Saturday.

Mrs. Dawson Winter, of Jackson, guest speaker at the Twentieth Century Club Tuesday afternoon was luncheon guest of her brother, Mr. Sel Roane and Mrs. Roane, also a guest in the home of her relatives, Senator and Mrs. W. A. Winter.

Mrs. E. L. Wilkins and daughter, Miss Elizabeth Wilkins, left Tuesday for a visit in the home of their daughter and sister, Mrs. John T. Salmon and family in Chicago. Another daughter, Miss Eloise Wilkins resides with the Salmon family, and is enjoying the presence of mother and sister at this time.

Mr. W. V. Davis, Sr., of Kosciusko, came to Grenada Tuesday and carried back home with him for a visit his little grandson, Walter V. Davis, III, son of Mr. and Mrs. W. V. Davis, Jr., of Grenada.

Miss Mary Ross is visiting her sister, Mrs. Paul Sanders. A belated news item in the Ross family is that Mrs. D. G. Ross returned recently from a short visit at Pascagoula and at Bellengraph Gardens.

METHODIST W. M. S.

The Methodist W. M. S. met at the church Monday afternoon for the April program meeting. Mrs. Joe Thomas, the program leader, had charge of the meeting.

Mrs. Ida Campbell gave the devotional, selecting for her subject "A Goodly Heritage."

The life and work of Bishop Lambuth, missionary to China and Japan, and founder of missions in Africa, was very interestingly given by the following ladies: Mesdames Stanley, Bingham and Patty.

Miss Grace Whitson, of Water Valley, was a visitor in Grenada on Wednesday.

DUPLICATE BRIDGE

The lovely home of Mrs. C. S. Burt was the scene of a bridge club meeting on Tuesday afternoon when she entertained the Duplicate Club.

The living room was aglow with Spring blossoms.

The guests played in teams of four, and those to compile high score were Mesdames L. E. Noble, Cecil Smith, Chas. Dickinson and Ben Townes.

In the late afternoon Mrs. Burt served delicious sandwiches and coca colas.

FRIDAY BRIDGE CLUB

The handsome home of Mrs. L. D. Boone was opened to guests on Friday afternoon of last week when she entertained her bridge club. Two tables were arranged for games.

Non-member guests present were Mrs. C. V. McKell and her mother, Mrs. Raymond.

Mrs. Fred White compiled high score and received powder as a prize. Mrs. Raymond was presented a perfume jar, as guest prize.

Low score prize was "bingoed" for and Mrs. McKell received a jar of "American Spice."

Mr. and Mrs. John Keeton, John, Jr., Mrs. Myrtle Thomas and Mr. Max McCormack attended a sales talk, sponsored by Butler Brothers Wholesale people, at Hotel Peabody in Memphis recently. Mrs. Keeton spent the day with her friend, Mrs. Pollard.

Miss Adele Hoffa visited her brother, Col. W. B. Hoffa and family on Sunday. Miss Hoffa made the trip to Grenada with Mr. and Mrs. Robert Wright who came to spend the day with their mother, Mrs. Gene Wright.

ATTEND GRAND OPERA

On Tuesday a group of Grenada ladies motored to the charming city of the South, New Orleans, to attend Grand Opera. They will be in New Orleans most of the week. To make the trip were Mesdames F. S. Hill, E. R. Pleasants, Raphel Semmes and Miss Lucille Cook.

Mr. and Mrs. O. T. Eddleman motored to Shelby Sunday to spend the day with their son, Mr. Edward Eddleman and family. Upon their return home they were accompanied by their sweet little granddaughter, Patricia, who will visit here this week.

Leaving Grenada Thursday, Mr. and Mrs. P. Y. Youngblood, their sister, Miss Birja Wilkins, and Mr. James R. Lockett motored to Kansas City, Mo. They returned to Grenada early Monday, completing a 1600 mile trip. They visited Mrs. Mary L. Wilkins, while in Kansas City.

Mrs. Edith Brown Hays, member of the high school faculty at Yazoo City, spent Sunday at home with her mother, Mrs. T. J. Brown.

Mr. and Mrs. J. C. Calhoun, their son, Jeff and daughter, Jenette, of Memphis, were Sunday guests of Mr. and Mrs. H. C. Whitaker.

Ladies from Grenada attending the Pilgrimage at Columbus on Monday were Mesdames Geo. Garner, A. W. Stokes, John B. Perry, Jr., E. L. Bass and Sam Mitchell.

National Corn Champ Tells How It's Done

The winner—Clark W. Dellinger.

It wasn't done with mirrors, that record-smashing official yield of 180.1 bushels of corn per acre which made Clark W. Dellinger, Clark County, Indiana, 1939 national champion corn producer. The enormous production was the result of a systematic use of the latest and best corn-growing practices.

The five-acre plot in a 14-acre field on the Ohio River bottom which Dellinger chose for his crop was naturally fertile, but it came a long way from the perfection which he set as his standard. The land had usually been planted to corn. Last year he allowed it to make a tremendous undergrowth, which was plowed under about nine inches deep in May. The land was fitted by two double discings, two harrowings, and two cultipackings before planting. Corn of the Johnson County white variety, of his own growing and selection, was planted late in May. It was rowed three feet each way, with from two to three kernels per hill.

Though the land was rich, he knew that it had been used and was not up to its once virgin fertility, so he added fertilizer of 0-14-6 analysis, applying it to the hill at the rate of 125 pounds per acre. Six cultivations through the growing season cleared the way.

H. R. Smalley, Director of Soil Improvement Work, The National Fertilizer Association, commenting on why the corn champion used fertilizer on rich soil, said, "Big yields take fertility from the richest soil. The grain alone removed from Dellinger's land 250 pounds of plant food per acre. A 50-bushel corn crop, including stover, removes 156 pounds of plant food from the land—82 pounds of nitrogen, 29 pounds of phosphoric acid, and 25 pounds of potash. Return of this plant food to the soil is essential to continuing yields."

After sitting around chancery court, we are reminded how much folks are like flies - those in wanting out, and those out, wanting in.

We have no business in the European War, even if selfish interests are forcing us each day nearer and nearer the brink.

It might be treason to say it six months hence, but we can say now that it does not matter much to us who wins the present war.

MT. NEBO NEWS

Wilbur Hall, one of our esteemed young friends, who now lives in Calhoun, spent the week-end here with his parents, Mr. and Mrs. D. J. Hall.

Henry Marter, of Graysport, visited us one day last week. We have known him since young boyhood days. He is the kind of friend that never fails to do good and kind deeds to those who need it most. We would like to see him oftener than we do.

Our Lord Mayor contacted old Uncle Scipio Saturday and inquired, "Uncle Scipio, how now about the Republican party? You used to vote that way? To which Uncle Scipio replied, "Nassah not now. When this new deal first started, I jes couldn't believe it, but walked with my hands open behind me, but now, since they pay me to trrap my land, plant lagoons for kiver crops, I jes naturally walk boldly up hands wide open in front of me and let nature take her course boss".

Prof .Fred Burke and Mrs. Bessie Vickery Gray finished this term of Coles Creek School last Friday. The play put on and all the interesting exercises were greatly enjoyed by a large audience. The children all did extra well.

Charles Clarke left last week for CCC at Coffeeville. He is one of our most popular boys and we hope if they have any breaks to spare he gets them. He claims he is not in love yet, but liable to fall at any time.

There was a little girl who was born and raised here, who from early childhood had dreams and visions of finishing high school and being some day a registered nurse, and so, in spite of many handicaps, part of her dream came true Monday night, as she was graduated and on honor list at Big Creek high school and day before that she got a call from State Hospital, Vicksburg, to come. As a friend of hers there had married and got her to take her place. My old lady and myself are feeling happy over it, and she sent us an invitation to her graduation. As this girl was kind who never forget old people, we wish and predict a bright future for her. She is also pretty as a pink and very brilliant. Her name is Miss Katherine Evans.

Should our old buddy, WGRM, decide to return to Grenada, we believe it would receive greater cooperation than in the past.

GORE SPRINGS NEWS

Mr. and Mrs. Herbert James and family, of Wayside, visited with their parents, Mr. and Mrs. E. L. James through the week-end.

Prof. and Mrs. Eugene McGahey and daughter, Martha Nell, spent Sunday in Bellefountain and Edward Springs with friends and relatives.

Mr. and Mrs. S. E. Gillon had as their guests Sunday Misses Lucile McCormack, Kate Shaw and Imodine Black.

Mr. and Mrs. Earl Tharpe and son, Earl, Jr., spent Sunday in Big Creek. While there they were guests in the home of Mr. and Mrs. Ed Parker

Mr. and Mrs. W. D. Tucker and family spent the week-end in Vaiden with relatives. They stopped over in Grenada Sunday night and enjoyed "Gone With The Wind."

Mr. and Mrs. J. L. Tharpe, Mr. and Mrs. J. B. Lott and Mrs. Reginal Tharpe were called to the bedside of their mother and grandmother, Mrs. Sand, of Carroll County Saturday, who was seriously ilyly with pneumonia.

Mr. and Mrs. Homer Trussell were happy to have as their guests Sunday Mr. and Mrs. H. B. Childs and Mr. Jack Clanton and Mr. and Mrs. H. P. Fite.

Mr. and Mrs. Doyle Oswalt, of Eupora, visited in the home of Mr. and Mrs. Howard James Saturday.

Mr. and Mrs. J. E. Tharpe, of Grenada, spent Sunday in the home of Mr. and Mrs. J. C. Tharpe.

Mrs. Guy Sulton spent Thursday in the library.

Miss Thelma McCustion spent the week-end with friends and relatives in Eupora.

Mesdames Lewis and O. B. McGahey and Mrs. Upton Cole, of Calhoun City, spent a few hours in the home of Mr. and Mrs. Eugene McGahey last week.

Guests in the home of Mr. and Mrs. Earl Tharpe Sunday night were Mr. and Mrs. David Haile and son, and Mr. and Mrs. Russell Parker, of Grenada.

Mrs. Earl Tharpe accompanied by Mesdames Howard James and J. C. Tharpe and Miss Thelma McCustion and Mr. T. J. Tharpe attended "Gone With The Wind" Tuesday.

Mr. and Mrs. A. L. Hemphill and children spent Sunday in Sweatman with relatives.

Mrs. Herbert James and twto children, Margaret and Charles, spent Friday night in the home of Mr. and Mrs. Roy Martin.

Principle No. 3—

To foster and perpetuate a one hundred percent Americanism

—From the Preamble to the Constitution of The American Legion

One of the continuing tasks of the American Legion has been to combat the spread of alien ideologies that were brought to this land in the wake of the World War. By ceaseless vigilance to oppose those who are un-American, by purposeful education to guide those who are American: these are the Americanism aims of the Legion

Americanism is an idealism concerning our American way of life. It implies a sincere faith and belief in a democratic, representative form of government with certain checks and balances to prevent usurpation of power that might impair our government of the people, by the people, and for the people.

It stands for individual rights, fair play, tolerance, justice, recognition of individual ability, and reasonableness in all phases of American living. We cannot cannot condone Americanism as sponsored by intolerant secret societies. Neither can we accept as the American way selfish, unjust practices of powerful groups in our industrial life.

We must guard with all our energy the human rights guaranteed by the Constitution. Destructive theories fostered by foreign money and influence aimed at the possible weakening or overthrow of our form of government must be combated with all legitimate means. Liberty under the law must not be extended to protect license, anarchy, or treason under the law.

In our efforts to combat un-American influence, we must not, however, become such self-righteous super-patriots that we interpret liberalism as un-American and thereby injure a loyal fellow citizen.

CARD OF THANKS

We, the family, wish to thank the doctors, druggist and good people of Grenada for the kindnesses shown us in the illness and death of our husband and father, C. J. Cohron.

MRS. C. H. COHRON
AND CHILDREN

Hal Spraggins, editor of the Tate County Democrat, honored this office with a call Saturday afternoon. He had his box of B.D. with him, in case he inadvertantly ran a red light.

Our puppy, Penny alias Bilbo, has been visiting down in Mayor Sykes' bailiwick, South of the Border.

Gone With the Wind has gone from Grenada. It is indeed an epic picture.

Seen, Heard and Told By The Editor

Get John Ben Perry Sr. to tell you that tale about those 35-cent crabs. But wait until after Sunday School.

The old lady is still hard to live with, with that dry socket.

On a recent trip to Jackson, I mixed up with some of those average men, Rex Brown, Senator Culkin, Mike Conner, Dave Crawley, Sam Lumpkin, etc. Politicians and power trusters. Someone suggested that I swim thru one of Bilbo's dipping vats.

Miles Smith was not able to go home until Monday when he was able to secure a replacement of the GCW he lost. Some believe he gave his copy away.

Our old Holcomb neighbor, Talbert Turner, seems to be doing some business up Beale Street from this office.

Several from the free state get their heads half full in Grenada last Saturday.

Matt Cooley reports about ten boarders at Hotel de Jail.

Several who just got released from one set of matrimonial chains are figuring on getting some more wedded on.

Roy Deak is figuring on taking another small dose of advertising this Spring.

What with the oil men everywhere getting leases, releasing, and subleasing, John Pressgrove's outfit has been in high gear all this year, which does not make John very mad.

J. S. Provine must have liked the samples we sent him, as he readily capitulated when Burke approached him under flag of truce. And, at that, we do not have nearly 80 percent of the homes of the county on our list.

Aint they sweet.

Another Non-Controversial Issue

Last week we published a non-controversial editorial page and offered a six month subscription to anyone who either got mad or was not pleased at anything published on that page.

Not a squawk has even mentioned the page. Nobody was mistreated either way. In fact, we doubt if anyone even read it.

That page, however, was mighty easy to write. It filled up the space fast. Therefore, we are going to fill this page with non-controversial stuff.

Uncle Tom's Cabin

They now have what they call an Uncle Tom's Cabin in Jackson.

It is not a cabin in the sense that the word cabin is usually used.

It is the building where the governor and the other state officers stay, and where the payrollers meet.

It got its name in this manner: There is a man in Jackson who runs one of the daily newspapers there. He got his name from the very evident fact that he is the head man of the present administration. His name is Mr. Tom Bell Man.

It was very easy for folks, being poetic license, to change the title Mr. Tom to Uncle Tom, and there you are: Uncle Tom's Cabin.

Ain't that a true thought?

Gone With The Wind

The people of this section have grasped the opportunity presented by Grenada Theatre to see the epochal picture, "Gone With the Wind". Some of the patrons rushed and were rewarded, but all stayed until the final drop of the curtain.

Mississippi has lost a good deal of going with the wind since the first of the year. The thirty dollar pensions for aged folks, white and black, have gone somewhere and we might as well say with the wind. Three-dollar car tags which came in on the tongue of a windy promiser, went the same way. The promised wind that would blow away the sales tax fetch has not developed sufficient velocity to dislodge those pesky trinkets.

Oh, many things have Gone With the Wind.

Holy of Holies

From what we read in the Jackson Daily News, the State Tax Commission is too holy to touch.

It seems that it is headed by a Mr. Stone who once had a fine farm at Duckett which is now owned by a Mr. Watson.

Everybody, even Governor Johnson, seems to think Mr. Stone is a fine name and a splendid officer.

Mr. Stone is the hirer and firer at the present time. The two other commissioners seem to be merely knots on the fence, or something like that. Governor Johnson's crowd wants the commission to be bossed by all three men jointly.

Folks hostile to Mr. Johnson infer that he wants to change it so that he (Mr. Johnson) can get some of his friends good jobs.

But Mr. Johnson says he loves Mr. Stone and wants him to stay.

Who can deny it? Who can say that the tax commission is too sacred for any hands to touch?

The Post Office Situation

Nobody seems to know very much about the local post office situation. They had an examination in 1938 and another examination last autumn. Nobody seems to know what they had these examinations for, unless it was, as the saying is, "just to be doing".

One fellow from Oxberry said he guessed they were going to keep on holding examinations every year, until all the ones who stood high died or moved out of the country.

We do not know, and express no opinion.

The Pastoral Life

Many Mississippians who have visualized a return to the old simple ways of life will realize their longings if the bills now proposed pass and become laws.

If they put ten percent tax on the light bills, folks can go back to the hallowed tallow candles, pine knots and coal oil lamps for illumination—or better still, go to bed at dark.

If they put the fifty-dollar a mile tax on the busses, folks can go back to walking, or riding mules, like their beloved forefathers did, and this exercise will be beneficial to them and lengthen their lives so that they can get on the old age pension.

Grandpa and grandma together will get sixty dollars a month, and that will be sufficient for the simple needs of the grandchildren, especially when they have free school books, free hospitalization, and free matern' wards.

Taxes will be reduced on all things, and the good things from the state treasury will be like outpourings from the horn of Cornicopia.

As soon as the legislature finished passing its great humanitarian measures, all of us can begin leading the pastoral life, the simple life than many yearn for.

This Answers the Mourners

Friday night last the City of Grenada sold $38,000 of its full faith and credit paving bonds to yield two and one-half percent. These bonds were sold to Grenada Bank.

The mourners and the moaners who have been sobbing about the mismanagement of Grenada should now publicly apologize. There is no better test of a city's financial stability than is to be found in amount of interest it has to pay on borrowed money.

That these obligations were sold to a home institution which not only had the facts and statistics, but also had the intimate, personal knowledge of the city's affairs, should be doubly convincing to the skeptic who bellows about Grenada's mismanagement.

Congratulations are due not only to the present administration, but to administrations of the past, no less responsible than the present one for Grenada's fine financial condition.

Looking A Long Way Ahead

This newspaper, having quit politics and political discussions of any kind, but being reluctant to become liable to the charge that we are not on our toes, so far as political prospects go, and without taking any sides whatever, is of the opinion that there will be two men, at least running for governor in 1943, and we state that upon the well known theory that, if they are running in 1940 they will still be running in 1943, unless death or other misfortune intervenes. Their names are Dennis Murphree and Tom Bailey. The first named will probably enjoy the blessings of the present administration. The Lord only knows who will bless Tom.

We are not taking sides right now, as many things could develop in three years.

Keep Your Temper

They say that our governor is in a dilemna about some of the choice patronage.

Some of the boys say that he and Belly Snider fell out, Belly having got mad at the governor, and that settled Belly's longings.

But they say the governor has been unsuccessful in his efforts to make LeSser Franklin mad, so that he can get rid of LeSser.

It is a hard life, being governor.

Gold Fish

Gold fish certainly have a fine time. They do not have to worry about rent, food, shelter, or anything of that nature.

They, unlike humans, never worry about the weather, for they are used to living in a damp, humid environment.

They do not have to worry about third terms, average men, sugar on the tongue, or the New Deal.

It does not matter to them whether there is a six-mill state ad valorum tax or a sixty-mill tax.

Slick pavements and detours, as well as haircuts and massages, never complicate their lives.

They have a jam-up time all the time, flipping their tales and making bubbles.

There are many ways less to be envied than the lives of the gold fish.

Hog Lard vs. Compound Lard

Some like pure lard. Some like compound lard. One comes from hogs; the other from cottonseed.

Some, remembering the lousy, dirty old sow who reveled in the muddy pen and delighted to eat almost anything, prefer the compound. Others, remembering how tired the back was after a day's cotton picking, and how disappointed they were when the seed did not pay the ginning, prefer hog lard.

Types of Government

Socialism: You have two cows and give one to your neighbor.

Communism: You have two cows, give both to the government and they give you a small part of the milk back (perhaps).

Fascism: You keep the cows and give the milk to the government.

Nazism: The government shoots you and keeps the cows.

New Dealism: You shoot one cow, milk the other, pour the milk down the sink and apply for relief.

Capitalism: You sell one cow and buy a bull.

—Exchange

Snuff Dippers Convention

Many inquiries have come in about a second snuff dippers convention for Grenada this year.

If someone else will sponsor it, we will attend, but we are not going to assume any responsibility for its promotion.

Drawers

There are two kinds of drawers, long drawers and short drawers.

Some individuals wear short drawers all the year around. Other individuals change from short drawers to long drawers and vice versa as the weather changes from hot to cold or cold to hot.

The man who wears short drawers all the time usually does so to show what a he-man he is, and shivers a good many days of the 365. The fellow who wears "seasonable drawers" usually keeps fairly comfortable and, apparently, has more sense than the non-changers.

Seven days to the week is customary in Mississippi and has been so for some time.

ELECTION MEMBER GRENADA COUNTY SCHOOL BOARD

As required by law the trustees of the common and consolidated schools of Grenada County will hold the annual meeting at the court house in Grenada, Mississippi, Friday, May 3, 1940, at 2:30 o'clock p. m., to elect a member of the Grenada County School Board to the vacancy caused by the expiration of the term of Mr. Amsey Mullen from beat five of Grenada County, Mississippi.

Respectfully submitted,

Last week we added 42 new names to our mailing list . . . but we'll tell the truth, that was an accumulation of three weeks. We'll also admit that we had the unhappy task of cutting six off our list.

We'd like to tell you a few things about those 42, and also a about the balance of our subscribers . . . the people who read ads and buy merchandise →

Each of our subscribers came in and subscribed voluntarily. That means that they WANTED the paper. That also means that they'll read the paper and read it closely. If they read it closely they'll read your advertisements. (No matter how cheaply you get advertising, it is worthless unless it is read by the people at whom it is directed.)

Each of those subscribers paid for the paper with CASH. If they had the cash to spend for this paper, they'll also have the money to buy the merchandise you merchants have to sell. (No matter how cheaply you get your advertising elsewhere, it is worthless to you unless those who read it are financially able to buy.)

And a word about our paper: We take a great deal of pride in its appearance and its readability. Not one of our subscribers has ever received a paper that was not cleanly and clearly printed. (How much do you think your ad is worth and how much results do you think you'll receive from it if it is poorly presented and badly printed? Is it worth its price, even if is given to you if the reader is unable or unwilling to take time out trying to decipher a jumble of type.)

Consider these facts, Mr. Advertiser.

COMMERCIAL PRINTING is a part of our work, not a side line.

EDITORIAL

It was when Miss Shows measured me for my cap and gown that I first realized how short the time was before I would leave here. I saw and appreciated things about the school that I had not noticed before.

Until then I had not been aware of the individual, patient care which Miss Hammond took with all the students. With new eyes I viewed the wealth of books in the library and the attractive posters that Miss McKibben puts in it. The grass on the campus seemed a little greener and Mr. Rundle's chapel talk more potent and wise.

We seniors are going to miss being together next year; we are going to miss the teachers and the school. Going to GHS has been a wonderful experience for us. We feel that we have grown and profited much under the guidance of Mr. Rundle and the best faculty in the country. There are so many good things to remember—football games, band contests, football banquets, track meets, interesting chapel programs. We'll miss Miss Nannie and the smell of her delicious food; we'll miss keeping Jack Hudson awake and Francis Hill straight.

Yes, we will miss high school and envy those we are leaving behind.

BLESSED RELIEF

She came into his office, although she knew it was during his working hours. He came forward to meet her—he was splendid in his uniform. She had known for several days now. Between sobs she told him the story—a regular symphony in tears. He was so sympathetic. He looked deep into her face and she said, "Ah!". She had been so frightened before she came, but now she felt only relief—"How nice to be rid of that abscessed tooth!"

GHS DIRT

We could not help but notice how long it took Francis Hill to walk home with Polly Richardson.

Emmett Barrentine asked Mary Lou to go to church with him and Mrs. Cullen went too—and so they weynt to church.

Formula for making Ruth Townes blush: just say—Jonnie Mitchell.

She knew it wouldn't be long now—already it was going down fast. From her companions came exhausting and rasping noises. She looked into the icy brown liquid and sighed. A hollow, sicking sound proclaimed the ending of the soda.

FORECLOSURE NOTICE

Whereas, on February 26th, 1938, W. P. Curry executed a trust deed under the terms of which the hereinafter described land was conveyed to Roland Hill to secure the payment to J. F. McCree of an indebtedness therein described, which trust deed is recorded in Book 71, page 442 of the Mortgage Records of Grenada County, Mississippi; and whereas the undersigned was substituted as trustee on the margin of the record of said trust deed and,

Whereas, default has been made in the performance of the conditions of said trust deed, and the holder thereof has declared the entire indebtedness secured thereby due and has requested the undersigned to sell said lands as provided by said trust deed.

Therefore, the undersigned will, between eleven o'clock A. M. and four P. M., on May 11th, 1940, at the east door of the county court-house in Grenada, Mississippi, offer for sale and sell at public outcry to the highest bidder for cash the following described land in the aforesaid county and state:

S½ NE¼ and N½ of SE¼, Section 5, Township 22, Range 3 E.

The undersigned will convey only such title as is vested in him as such trustee.

W. B. NICOLS,
(4-28,25, 5-2,9 202w) Trustee.

Mighty sorry to hear that Brother Van Williams, who with Mrs. Williams is visiting their daughter, Mrs. Tyson in Jackson, sustained a fall last week which put him out of business temporarily. No broken bones, happily. He will be back working in his gasden in Grenada in a couple of weeks. You can't keep a squirrel on the ground.

TRIBUTE TO A TEACHER

Coaching a little freshman after school on his algebra is a very courteous and kind lady who has taught all of us at least two years while in high school. In making explanations she is very painstaking and clarifying. Difficult mathematical principles become clear to us as she explains and takes out the hard spots in it for us.

In the class room she exacts good behavior and discipline. In appearance she is very trim and attractive.

As sponsor for the Girl Reserve Club she is considered ideal as a leader in their hikes, picnics, church programs, and discussions.

And everybody thinks Miss Haynes is sweet.

LOLA MAY

She's Mrs. Jacks now, but to us she will always be Lola May. In the office she goes about her work quietly and efficiently. When there is a poster to be made we consult Lola May, for she is very artistic, and always ready to make suggestion and help us. We scarcely ever glance twice at the athletic tickets, play programs, letters to our parents, but these are her handiwork too.

Now that the time for the annuals to be mimeographed has come, she has begun work on them in her spare time. One wonders how she finds time to accomodate everybody. As secretary and bookkeeper for the high school she is very valuable to the school and Mr. Rundle. She has blue eyes and light hair. Our contacts with her in the office are so pleasant that we "Come in without knocking and go out the same way".

THE DOGWOOD

Mrs. A. S. Bell of Hot Springs, Ark. sent us the following poetic legend about dogwood—clipped from a newspaper.

In the time of Christ, the dogwood trees attained the side of the oak, and the other large trees of the forest; and so strong and so firm was the wood of the trees, it was chosen for the timber of the cross.

The tree was greatly dismayed at being chosen for such a cruel purpose and Jesus, sensing its regret and sorrow for his suffering, made this promise: "Never again shall the dogwood tree grow large enough to be used for a cross. Henceforth, it shall row slender and bent—and twisted. It shall bear blossoms in the form of a cross—two long and two short petals. In the center of the outer edge of each petal there shall be nail prints, brown with rust—and stained with blood; and in the center of each blossom there shall be a crown of thorns.

"And those who see it will remember it was on a dogwood tree I was crucified. This tree forever more shall not be mutilated or destroyed—but cherished and protected as a reminder of my agonies and death upon the cross."

And today, the dogwood tree rows as the legend promised slender and bent, and twisted, its blossoms in the form of a cross, and in the center of each blossom there is a crown of purple thorns.

BIRTHDAY PARTY

On Wednesday, April 10, Mrs. Stanley Brown and Mrs. Nowell Estes held open house for Mrs. Jennie C. Brown, the occasion being Mrs. Brown's 80th birthday.

Those seated at the table with Mrs. Brown for luncheon were Mrs. W. M. Mitchell, Mrs. Meek Townes, Miss Lida Coffman, and Misses Mary and Belle Knox. The centerpiece was most beautiful and attractive. It consisted of a two-tier white birthday cake gleaming with eighty candles.

In addition to the spend-the-day guests, Mrs. Brown received visits from friends throughout the day, as well as many congratulatory cards, telephone messages and telegrams which made this special day most enjoyable.

Mr. and Mrs. Frank Gerard and their sister, Mrs. A. W. George, spent Sunday in Oxford visiting Gus Gerard.

Misses Robbie and Juliette Doak, their sister, Mrs. J. P. Fisher and little daughter Pauline of Jonestown, arrived Saturday for a visit back home. Mrs. Fisher and daughter returned to their home early in the week.

Miss Sara Parks, M S C W student, spent the week end in Grenada with her friend, Miss Eleanor Lickfold.

Congratulations to Mr. W. C. Chuck Trotter of University of Miss. on being elected vice president of the Southern Association of College and University Business Managers at a meeting held in Tallahassee, Florida last week.

Misses Ruby Lockett of Memphis and Elise Lockett of Jackson visited their mother, Mrs. C. E. Lockett, this past week end.

Mr. Cleon Proby, student at Mississippi College, spent Sunday with his parents, Mr. and Mrs. L. C. Proby.

Several Ole Miss students spent the week end at home: Misses Ethel George Nichols, Anna Rose Finney, Martha Bess Brown, Annie Anderson and Mr. Bobby Sharp.

Mrs. Greer Lyas has returned home after a visit in Memphis and an additional short visit in Shelby with her sister.

My Column

Whyte Whitaker, Jr.

Willie Semmes was commenting on Tennyson's famous saying, "in the Spring a young man's fancy lightly turns to thoughts of love." Dick Rule retorted with dry but sensible humor: "In the Spring a young man's fancy lightly turns to thoughts of what the young ladies have been thinking of all winter."

What is the population of the fast growing Grenada? The census showed around 4,300 in 1930. My guess is that we have had an increase of about 17 percent, making it about 5,200. What do you think?

***

This propaganda that is being circulated that the United States can't keep out of the present European conflict is all bunk; we can. We live in the richest country on God's green earth; we are practically self-sufficient. If those waring nations want to trade with us, let them come and get their cargo; let's adopt the workable plan of the chain stores, cash and carry.

***

In some sections of the nation the war fever is higher than in others, that won't work; provincialism has been the downfall of many nations, so history teaches us.

***

The most abominable, heinous, crook in America today is not in some federal prison, far from it, he is in some swivel chair, plotting and scheming, wishing and waiting for the United States to enter the war. With the sole idea of making a fabulous fortune out of the profit of war at the expense of the humble beings who must go through hell for a dollar a day. Those dirty dollars, those louzy dollars will be written on the credit side of his ledger with the red and white corpuscles of wretched souls.

***

If you have seen "Gone With The Wind" it should have curb your desire for war. It shows the riches and romance of the South before the great catastrophe became a reality; it shows the fading of a civilzation that the southern people loved, a civilization that many died for, a civilization they gave their last ounce of devotion to preserve. At the end, poverty and destruction had swept Dixie desolate, transforming a pro war rich country into an unfruitful one; stripping sons from mothers, husbands from wife, sweethearts from each other. Confounding all unity, and playing havoc in general. There is no romance in war, don't let anyone make you believe there is, nor is the man, the half man, who survives very romantic either.

The Boy Scout Budget Drive went over with a bang. Grenada's assessment was 600 dollars, and over that amount was taken in the first two days.

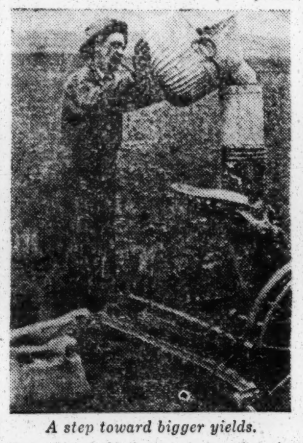
Government Reports A Bumper Yield

Lower crop acreages and higher yields are the startling achievements of farmers revealed in the 1939 Government Crop Report. From the fewest number of acres harvested under normal weather conditions since the World War, farmers reaped yields



A step toward bigger yields.

that were only 1 per cent under the record year of 1938, when more acres were harvested.

Many major factors behind this accomplishment are revealed in personal interviews with 32,000 farmers in 35 States. Better all around farming practices stand out.

Every farmer interviewed in The National Fertilizer Association survey made an estimate based on yields obtained with and without fertilizer.

Mississippi farmers stated they got an increase of 136 per cent on potatoes; 100 per cent on corn; 192 per cent on sweet potatoes; and 231 per cent on potatoes.

War feeds on youth, not on old age and middle ages.

Our guess is that Grenada's nose counting will show a total of about 5,300. What is your guess?

MISSISSIPPI FARMERS TALK FERTILIZER PRICES

Fertilizer prices lower than other commodities which farmers buy.

"Do you think the price you paid for that last purchase you made is too high?" Ask that of any man or woman any time and get about the same answer as if you asked, "Are taxes too high?" Nevertheless, in a recent survey made in Mississippi and 34 other States, over 32,000 farmers were asked point blank, "Do you think fertilizer prices are high?" Mississippi farmers replied as follows: "Yes, they are high," said 36.4 per cent. "They are low," said 4.8 per cent. The remainder, 58.8 per cent, replied that prices were average.

Now the Department of Agriculture releases a statement which answers the same question. "Since 1932 fertilizer prices have been fairly stable at a little below the 1910-1914 average," says the report. "Fertilizer prices, as a percentage of the 1910-1914 average, are considerably lower than prices of most commodities bought by farmers. In fact, all commodities are 16 per cent higher than the average, while fertilizer prices are 5 per cent lower."

The report continues: "New developments in science and technology, such as the production of synthetic nitrogen, have reduced production costs and prices.

The Life of a Nurse

The word nurse means more than just an ordinary person dressed in a white uniform walking stately down the hall, more than just a person dealing merely with the sick and helpless. But one, who in her heart burns a flame of kindness, sympathy, and respect for those she cares for and comes in contact with.

Even in the days of Florence Nightingale as far back as we can trace the history of nursing, there's a spark of interest that should challenge us to think more of the professional side.

We must have faith and a high courage to deal with people both mentally and physically ill, must have patience and knowledge to give them the proper care in order that they may feel at ease; should know above all, how to make and keep a patient comfortable.

We should and must humble ourselves if we expect to be a success, to sacrifice and give to the sick and needy all that's within us that is pure and upright if we expect to practice our profession faithfully.

NURSE—a small name, but much meaning. True enough a hard life, but a beautiful one.

JEWEL DAVIS,
Student Nurse

Proclamation

Knowing as does every well thinking person that the "Home" is the foundation of our civilized world, and from it comes glod and substantial citizens who make our world a better place in which to live, and without the proper environments and comforts of living home is not all it should be, even though it may be humble there is no place like the place we call Home.

Now I, E. C. Neelly, mayor of the City of Grenada, Mississippi, do hereby proclaim and declare the week of April 28th to May 4th Better Homes Week, and ask that we lend our best efforts to cooperate with the drive for the success of the "Better Homes."

Cleveland City Attorney Seeks More Light On Red Light Ordinance

Cleveland, Miss., April 16, 1940

Your editorial or article in your issue of April 11th regarding an ordinance published in another paper published in your fine city, has been read with some interest in a borrowed copy of your paper.

As City Attorney for our little city it has been my duty to prepare various ordinances and look after having them published, check the proof, and have them recorded in the ordinance book. They are sometimes copied in the ordinance book by pasting a copy of the published notice in that book. If this were done in your city, the ordinance as published has, we should presume, become the law of your municipality. Because of my connection with our city, and also because I enjoy many trips taking me through your city, it is necessary that I have more information on this subject. First, I desire to learn more about how ordinances become the law; and, second, in passing through your city, should I happen by oversight or otherwise to run a red light; I would desire to have a package of the required product in my pocket, as I understand this, with a statement that a portion of it had been used, if believed, would be a complete defense, and, being reasonable, should be believed.

Therefore, kindly send me a copy of your paper of the 11th, and also one of the other paper containing the ordinance, for which two 3-cent stamps are enclosed to pay postage.

Yours very truly,
CARMON E. VALENTINE

The cold spell last week, with frost, did inestimable damage to fruits and vegetables and some early planted cotton.

New Bridge Making Its Appearance Over The River at Natchez

OUT OF THE WATERS of the mighty Mississippi rise giant arches that will bear the massive structure of the new Natchez bridge which will connect the towering bluffs of the Magnolia State with the levee protected lowlands of Louisiana. US 48 will cross the Mississippi river at this point and converge with US 65, ... approaches, connecting US 84 and the entire state highway system to this imposing ... constructed by the State Highway Department and will be ready to accommodate ... completion of the bridge, which is being built by the city of Natchez and PWA. With ... ture and that at Greenville, there will be three bridges crossing the Mississippi ... Louisiana,—one at Vicksburg, having been in service for some time. US 82 ... ville and US 80 at Vicksburg.

2-spot Clark, the daring driver of the Grenada-Calhoun bus certainly appreciated the nice words written by Burke about him. 2-spot may we add, is well thought of here in Grenada also.

Senator Grady Cook, who had he been in Wilson's Senate in 1917, would have been one of the "willful" ones, passed thru Grenada Monday night enroute to Jackson.

Harry Greenfield put out his nets and made a haul, and found in his catch the name of Hubert Calhoon who will get this paper in his wife's name.

Gone With The Wind received the ultimate approval when Frank Gerard said it was a good show.

It does not necessarily follow that America should get in now while it has help. The winner in the present war, whoever it may be, will be too weak and exhausted for any foreign campaign.

Mr. and Mrs. Joe Hammond and son, of Bruce, were entertained by Mr. and Mrs. C. C. Richardson Wednesday night.

Mr. Sam Curtis, student at Mississippi State, will spend the week-end with his sister, Mrs. C. C. Richardson in Grenada.
